Quotes About Goals 5

Thank You For Reading 26

Introduction

Achieving your goals is entirely up to you. Will you go for it, or will you dream about it?

Quotes About Goals

1

Keep going. The time will pass you by anyway.

2

Pain is good.

3

At first, you won't notice any results; ignore this. Keep making progress. Keep chipping away.

4

The farmer first plants the seed. Then, the farmer waters and cultivates the seed. Most of the growth happening won't be seen for some duration. But the seed is growing underground. You just can't see it. Keep going. Soon, your progress will be visible.

5

Consistency breathes life into dreams.

6

Procrastination destroys dreams.

7

Nurture and care for your dreams like parents nurture and care for their newborn baby.

8

Get it done. Get it the f*ck done. Stop making f*cking excuses. Stop planning. Start executing.

9

You can plan your whole life out and end up nowhere because of inaction.

10

Consistent action; this is what success requires.

11

Until you stop making excuses, you will accomplish nothing.

12

Life is waiting for you to make a move. What are you waiting for? Perfect circumstances don't exist; this is a myth.

13

Do it today! Don't wait for tomorrow. Make it happen today!

14

Slap yourself in the face whenever you say, "I'll start tomorrow." Go do it now MF.

15

You don't want it bad enough until you work on it daily. You're a dreamer until you commit to execution without fail.

16

Commit once.

17

Never allow others to stifle your progress.

18

Execute without fail.

Execute without fail.

Execute without fail.

Execute without fail.

Execute without fail.

Execute without fail.

Execute without fail.

Execute without fail.

Execute without fail.

Execute without fail.

Execute without fail.

Execute without fail.

Execute without fail.

Execute without fail.

Execute without fail.

Ingrain this into your subconscious and conscious mind: I execute without fail.

19

You only need one person to support your dreams; that person is you.

20

Goals have endless potential but need consistent execution to survive and reach maturity.
